FAMILY CARD

15 ml (0.5 oz) · dropper

30 ml (1 oz) · steel roller ball

60 ml (2 oz) · screw cap

GLASS · 18-400 AND 20-400 NECKS

Boston Round

15 ml (0.5 oz) · 30 ml (1 oz) · 60 ml (2 oz) · clear, amber and cobalt blue glass

A round bottle with sloped shoulders and a short neck, used for essential oils, beard oil, facial serums and perfume oil. The 30 ml and 60 ml sizes take a dropper, a steel or plastic roller ball, or a screw cap on the same 20-400 neck. The 15 ml takes a dropper or a screw cap on an 18-400 neck.

What fits each size

	DROPPER	STEEL ROLLER	PLASTIC ROLLER	SCREW CAP
15 ml (0.5 oz) 18-400	●	—	—	●
30 ml (1 oz) 20-400	●	●	●	●
60 ml (2 oz) 20-400	●	●	●	●

Dropper	Black or white bulb; collar to match the bulb, or shiny gold or shiny silver.
Dropper stem	66 mm on 15 ml, 76 mm on 30 ml, 90 mm on 60 ml. Each size has its own dropper.
Roll-on caps	Matte black, gold or silver; shiny black, gold or silver.
Screw cap	Short black cap.

Not every finish is made in every glass colour. The full list is online.

USE AND CARE

Dropper	Store it upright; undiluted essential oil softens the rubber bulb over time.
Roller ball	Carry it capped and upright; the ball alone is not a seal.
Screw cap	With no fitment, the oil pours straight from the neck.
Glass	Amber reduces the light that reaches the contents; clear shows the fill level.

Glass bottles, fitments and closures

CONTENTS

In this book

Every bottle is sold empty, with the fitment and cap shown. Capacities are in millilitres, with ounces where buyers use them. Each family page lists its sizes, neck finishes, glass colours and the fitments that screw onto it.

Glass colours and cap finishes 3

What each bottle is for

Roll-On Bottle

Perfume oil, attar and oil blends diluted in a carrier.

The ball alone is not a seal; carry it capped.

Fine-Mist Spray Bottle

Spray perfume, body mist, room and linen spray.

At 15 ml and under, used for samples and decants.

Perfume Spray Bottle

Eau de parfum, eau de toilette and cologne.

Each press of the pump meters one spray.

Vintage Bulb Spray Bottle

Eau de parfum and cologne kept on a dressing table.

Not a travel bottle.

Dropper Bottle

Essential oils, beard oil and facial serums.

Releases one drop at a time.

Pour Bottle

Beard oil, hair oil, body oil and essential oils.

No fitment; the oil pours from the neck.

Pour Bottle with Reducer

Splash cologne, aftershave, perfume oil, beard oil.

The reducer slows the pour to a splash or drip.

Lotion Pump Bottle

Body lotion, liquid soap, serums, body and hair oil.

For liquids that pour; creams go in a jar.

Bottle with Glass Stopper

Perfume oil and attar kept on a shelf.

The stopper is not leak-proof.

Vials and Drams

Samples, testers and promotional giveaways.

Sizes up to 5 ml, plus every vial.

Travel Atomizer

Decants of eau de parfum or cologne.

A metal shell around a refillable glass vial.

Cream Jar

Cream, balm, body butter, salve, solid perfume.

For products too thick to pour.

What fits what

Caps, rollers, sprayers, pumps and droppers screw onto the neck, so every bottle with the same neck finish shares the same parts. In **18-415**, 18 is the neck's diameter in millimetres and 415 is the thread style.

SHARED PARTS

NECK FINISHES

Sold as complete sets

These bottles come with their parts already chosen; the parts are not sold separately.

16 mm	Cylinder 28 and 50 ml Steel or plastic roller ball with a black or white cap
--------------	--

12 mm	Cylinder 3 and 4 ml Fine-mist sprayer, black or white
--------------	---

13-425	Vials, 2 to 4 ml Short black or white cap; dropper on the 4 ml
---------------	--

8-425	Vials, 2 ml Short or tall cap
--------------	---

Plug	Vials, 1 ml Plug
-------------	----------------------------

THEIR OWN CLASS

Stopper	Apothecary 15 and 30 ml · Pear 118 ml · Teardrop and Rectangle 9 ml · Genie 32 ml · Eternal Flame 35 ml Ground-glass stopper, matched to its bottle; no screw thread
----------------	--

20-410	Aluminum bottles, 65 to 500 ml Sprayer or lotion pump as sold; glass-bottle parts do not apply
---------------	--

Atomizer	Travel atomizers, 5 and 10 ml Sold complete
-----------------	---

Jar	Cream jars, 3 to 63 ml Each lid is matched to its jar
------------	---

A shared neck is where fit starts, not a guarantee: stem length, dip-tube length and how an insert seats are checked bottle by bottle. Each product page lists the parts confirmed for that bottle.
